Historic preservation begins with a dream...

That dream became a reality for Cedarburg in 1986, when 104 of its downtown buildings were designated as a **NATIONAL HISTORIC DISTRICT.**

Today... Cedarburg stands as a model for cities and towns across America. The community continues to grow and prosper, yet stands firm in its culture and heritage.

It wasn't an easy journey.

This video showcases Cedarburg's quest for historic preservation as a link to the past and a path to the future.
